PROFESSIONAL SUMMARY

Risk and compliance execution professional with 6+ years driving audit remediation, AML control execution, and statutory regulatory obligations at State Street. Accountable for closing regulator-driven findings under active audit scrutiny, sustaining enterprise controls across 1,700+ applications and 9 jurisdictions, and converting remediation into repeatable BAU governance. Trusted by VP/MD stakeholders for delivery under fixed deadlines and heightened regulatory scrutiny. **IIM Indore MBA | PMP | Six Sigma Green Belt**

PROFESSIONAL EXPERIENCE

State Street | Bengaluru — Apr 2026 – Present
Senior Manager – Business Risk Management (BRM)
Promoted for sustained delivery in audit remediation, AML controls execution, and control automation across enterprise risk programs.

Manager – Business Risk Management (BRM) — May 2022 – Mar 2026

- **UK AML Trust Registration:** Delivered 100% on-time statutory registration of ~500 trusts across 9 jurisdictions after scope expanded 7x; coordinated 10+ legal entities with RAID tracking for 100+ risks, avoiding penalties exceeding £2.5M annually.
- **AML Data-Feed Screening:** Owned annual screening assurance across 1,700+ applications under scrutiny; redesigned intake via SharePoint/Power Apps, cut cycle time from ~21 to 13-14 months, reduced rework 30–35%, eliminated repeat audit findings.
- **Access Governance Remediation:** Closed audit-driven LAN access gap by validating 800+ folder ownerships through VP/MD attestations; automated BAU process, reducing coordination effort 80–90% and sustaining audit-ready evidence year-over-year.
- **Enterprise Demand Governance:** Implemented mandatory central intake across 50+ risk units; reduced ad-hoc demand 40–50%, improved on-time completion 25–30%, and reduced escalation noise in senior risk forums.

State Street | Bengaluru — Nov 2021 – Apr 2022
Assistant Manager – PMO, Global Markets

- **Data Disclosure Prevention:** Remediated email control across 33 global teams following confirmed client data incidents; increased auto-approval from 61% to 82%, cut manual reviews 30–35%, prevented ~3 repeat disclosures/month.

State Street | Bengaluru — May 2021 – Oct 2021
Assistant Manager – RFP Sales Support

- **Client Submission Controls:** Identified repeated senior sign-off on static RFP/DDQ content as a delivery risk; partnered with Compliance/Legal to implement differentiated approval rules, reducing SME dependency by 30%, shortening cycle times 10-15%.

State Street | Bengaluru — Nov 2020 – Apr 2021
Assistant Manager – Metrics Centre of Excellence

- **Operational Risk Reporting:** Owned BAU metrics reporting for MD-level forums across 10–12 teams; built Power BI dashboard tracking 15+ KPIs, reducing manual effort 30–40% and enabling earlier issue identification.

COMPLIANCE EXECUTION PORTFOLIO

Compliance Execution | Live Project Portfolio | Projects

- **IFSCA Regulatory Change Execution Plan:** Translated live IFSCA AML/CFT and KYC circular amendments into a field-ready implementation program covering 12 regulatory requirements across phased milestones, RACI ownership, dependency sequencing, capacity modelling, and Governing Body escalation protocol - converting regulatory obligation into controlled, auditable delivery.
- **STR Operations Playbook**: Designed an end-to-end alert-to-FIU-IND filing SOP governing a 7-stage STR lifecycle with structured triage decision matrix, investigation documentation standards, sanctions screening handoff protocol, and post-filing monitoring framework under PMLA - operationalizing a compliance obligation into a repeatable, audit-ready process.
- **AML Control Register & Program Health Dashboard:** Built a 19-control AML compliance monitoring program with control lifecycle governance, risk-based RAG-threshold testing framework across preventive and detective controls, automated board-level program health reporting, and findings escalation architecture - converting implemented controls into a continuously governed, board-reportable compliance program.
